BIGLERVILLE CITIZENS GET MERGER FACTS

"We're trying to sell a product that we think is pretty good," Donald Hudson, supervising principal of the Upper Adams Joint School System, said at a meeting Monday night in conjunction with the regular meeting of the Biglerville Parent-Teacher Association in the Biglerville school cafeteria.

It was the first of a series of four such meetings in which school officials will present the facts in the school district merger question on which voters in the six districts in the joint school system will decide November 4.

The 30 members of the joint school board have endorsed the proposed merger unanimously and are stumping for the approval of the proposal by the voters. The merging of the districts would make more permanent the school administration organization which is now operated under a joint agreement. Financial savings and increased state participation in the cost of operation are seen as advantages to merging the districts.

No More Control
"There won't be a bit more state control," Hudson declared in answer to a question on this point from a member of the audience. He explained that the rate of state aid to the school district is greater by \$300 per unit per year for a merged district. The unit is defined as 30 elementary pupils or 22 secondary (high school) pupils.

Under the joint system the state payment is based on \$500 per unit; under the merger, \$800. These figures are affected by the reimbursement fraction, a per-

17 FOREIGN OFFICERS HERE

Gettysburg was host Monday to 17 senior naval officers from countries around the world. The officers visited the National Museum, toured the Battlefield, and had coffee and ice cream at the Howard Johnson Restaurant as guests of the management.

The group is in the area for a 10-day course of study at the Mechanicsburg Naval Supply Depot. In addition to their classroom studies, they are touring other nearby military installations and industries and sightseeing.

Here they were guests of Joseph Rosensteel at the National Museum where they viewed the electric map for a briefing of the battle. Three depot employees served as guides for the Battlefield tour.

The Mechanicsburg stay is part of a four-week course in U. S. Naval management given by the Navy's bureau of supplies and accounts. It is designed to intensify the already close and harmonious working relationship that exists between the U. S. and allied navies, R. Adm. James B. Rickets, commanding officer at Mechanicsburg, said.

The officers also visited Naval installations in Athens, Ga., Brooklyn, N. Y., and Bayonne, N. J.

Community Chest Total Now \$11,763

With only 30 per cent of the pledged cards returned and with solicitors being urged to complete their canvassing, the Community Chest campaign fund stood at \$11,763 at noon today, an increase of \$1,995 over the last figure reported on Friday. The goal is \$26,800.

Chairman William A. Lentz reported today that the faculty of the Gettysburg Lutheran Theological Seminary contributed 100 per cent to the current drive. They gave an average of \$18 each and their total represented a 75 per cent increase over the amount they gave to the Chest last year. Dr. Frederick Wentz was campus campaign chairman.

TEACHERS HEAR ABOUT RUSSIA AT INSTITUTE

The outstanding differences between educational systems in the U. S. and Russia were discussed by Dr. Marguerite J. Fisher when she addressed the noon luncheon meeting of the Adams County teachers at their institute held in the Bermudian Springs High School, York Springs, Monday.

The teachers re-elected Clyde R. Cover, of the Upper Adams Joint School System, as president of the Adams County Chapter of the Pennsylvania State Education Association.

Selon F. Dockey, of the Lower Adams System, was re-elected vice president. Mrs. Margaret G. Lady, Upper Adams, was elected secretary and Gerald L. Orndorff, Lower Adams, was elected treasurer.

Curvin C. Smith, Bermudian Springs, was elected delegate and Gwendolyn E. Hall, Fairfield Joint, alternate, to the PSEA state meeting. Arthur M. Gordon, Upper Adams, and Frank A. Keefe, Littlestown Joint, were re-elected auditors.

Respect in Russia

"We could use more respect for learning and teachers here," Dr. Fisher told her audience. She pointed out that these respects are much greater in Russia where there are so many applicants for entry into the teachers colleges that only one in six is admitted.

"Discipline is good in Russia," she said, "but not through fear of punishment. The teachers are not allowed to hit the children. The good students are given medals and honors, creating a favorable public opinion in the classes. There is much more respect in Russia."

1st School Health Report Is Given

There were 251 pupils reporting to the school health service during the first month of school, according to a mimeographed report submitted to Gettysburg Joint School District board members Monday evening at their October meeting. Illness or injury sent 190 of the youngsters to the school nurses, Ellen R. Miller and others appeared for gymnasium exercises.

Five students were taken home ill and 15 others were called for by their parents. The nurses visited seven homes. Twenty-nine pupils were referred to doctors and six to dentists.

Physical examinations have begun for the year and 32 pupils checked in September. The first exams were made on September 30 after pre-physical testing. The nurses' report showed vaccinations have been checked and arrangements made for those youngsters who had not been vaccinated. Tetanus toxoid was given on two days and second doses are yet to be given.

Kiwanians Visit Musselman Plants

Members of the Gettysburg Kiwanis Club dined Monday evening in the cafeteria of the C. H. Musselman Company plant at Biglerville and then toured the company's Gardner's plant where they saw the process of appleauce making underway there.

The clubmen followed apples from trucks at unloading platforms through the processing into warehouses where the canned goods are stored. The tour was conducted by J. Henry Gageby, plant superintendent, and Charles E. Trump, personnel director.

Next week the Kiwanians will eat at Banker's Restaurant and then go to the court house for the public meeting on Gettysburg's traffic problems.

STEAL HUBCAPS

Edgar Riegle, College Ave., reported to borough police Monday that two hubcaps were stolen from his 1949 Plymouth Sunday evening while the auto was parked in front of his home.

County Teachers Elect Officers

Officers elected by the Adams County Chapter of the Pennsylvania State Education Association at the teachers' institute Monday in York Springs were: Selon F. Dockey, vice president, at left; Mrs. Margaret G. Lady, secretary, and Clyde R. Cover, president, at center. Gerald L. Orndorff was elected treasurer, but was not present when the photograph was taken. (Times photo)

THERAPIST TELLS ROTARY OF WORK HERE

Leonard M. Luchinger, physical therapist at the Warner Hospital, explained the work of his department and showed how physical therapy has aided many people in an illustrated talk given Monday evening at a meeting of the Rotary Club at the YWCA.

The physical therapist, after receiving a bachelor's degree in college, then attends a physical therapy school and finally must pass a state board examination before he can begin his work, Luchinger explained. He said, "Physical therapy is a method of using light, water, electricity, massage, exercise and heat in the treatment of patients as directed by the physician."

"Those needing physical therapy range from persons who have lost use of both arms and both legs to the person who may have some minor problem that needs therapy. The degree of importance of the treatment to some extent may vary with the individual. While the person who is unable to feed himself or even move about is considered as having a major problem by us, a paper hanger with bursitis which prevents his putting his hands above his head may consider his problem the most extreme."

Treatment Varies
"Treatment varies with the problem. It might consist of muscular constriction exercises for a person who has a broken arm and needs to provide such exercise as he can to the muscles of the arm without upsetting the healing of the bone. It might consist of..."

N. B. YAACOV TO SPEAK HERE

Nathan Bar Yaacov, labor attaché at the Embassy of Israel, Washington, D. C., will address the student body of Gettysburg College at a convention Friday in Christ Chapel on the campus. Following his address, Yaacov will talk to students in government and political science classes.

Yaacov was born in Glasgow, Scotland, in 1912, studied at Glasgow and holds a Bachelor of Law degree from Glasgow University. From 1939 to 1948 he served as the executive director of the liaison office of the Histadrut (Israel Federation of Labor) in London. He settled in Israel in 1948 and was appointed deputy director of the Histadrut's International Relations Department.

Yaacov represented the Histadrut at various international labor conferences, among them the Preparatory Conference of the International Confederation of Free Trade Unions in Geneva in 1949; ICFTU Congress in Stockholm in 1953; the ICFTU Congress in Vienna in 1955, and the Merger Convention of the A.F. of L. - C.I.O. in New York in December, 1955. He was the Israel worker's delegate to the Conventions of the International Labor Organization in Geneva in 1949 and 1951.

At the 1956 Convention of the Histadrut he was elected to the Histadrut's Executive Board as alternate member.

JOINS SALES STAFF

William Sentz, Gettysburg R. D., has joined the sales staff of Village Chevrolet, Inc., Littlestown, it was announced today by Clarence Reck, owner of the business. Sentz has had 13 years experience in both Chevrolet and Oldsmobile sales service.

Walter J. Riley, Jr. Wins First Football Contest

Walter J. Riley Jr., 226 Chambersburg St., was the winner last week in the first of the series of weekly football contests being conducted by The Gettysburg Times and 12 cooperating merchants.

Riley's prediction of 32 points in the feature game, Gettysburg-Mechanicsburg, was the deciding factor as he and two other contestants each selected nine winners in the 12 games listed.

The feature game point total was 31, Gettysburg defeating Mechanicsburg 24-7.

Nancy Strausbaugh, 69 W. Railroad St., won second prize on her feature game total of 27.

Mrs. Marie Sheffer, R. 3, was the third prize recipient as the result of a 24-point prediction.

There were 94 entries in last week's contest who made selections as follows: Three, nine right; 13, eight right; 20, seven; 17, six; 28, five; nine, four; three, two, one, two.

Each week \$25 in merchandise certificates is being offered by the merchants in prizes.

First prize is a \$15 certificate, \$7.50 second, and \$2.50 third. The weekly contests are open to all except employees of The Gettysburg Times. Each contestant may submit but one entry. Entry forms may be secured at any of the establishments of the participating merchants. They must be properly filled out and submitted to the offices of The YWCA.

Special mention was made of the work of the Rotary Committee, under the direction of Mrs. William Conover, which prepares and serves dinners to the Rotary Club each week. It was reported that 216 dinners were served to the club in September.

Special thanks were given to Mrs. M. K. Eckert for the gift to the Y of a hand-touched reproduction of a painting by Claude Monet.

Buy Knives, Forks

The purchase of three dozen knives and forks for the Y was reported. The Y-Teen report included plans to help a needy family at Christmas, to help with the UNICEF collection, to sell Christmas decorated candles and also the service given last month to the Y in folding of letters, serving Rotary Club dinners, having a hayride, and various other activities. Miss Linda Leonard and Miss Nancy Gilroy, Gettysburg College students, are serving as advisors to two Y-Teen clubs.

Reports on the adult program of the Y included 19 persons enrolled in the Y.

50,000 Faithful Arrive Too Late To See Pius XII

By HANS NEUERBOARG
VATICAN CITY (AP) — These were the last hours for the people of Rome to see their Pope, Roman-born Eugenio Pacelli who became Pius XII.

In the rear, at St. Peter's Square, the voices of souvenir vendors could be heard. Photographs of the Pope in his lifetime sold for 20 lire—3 cents; those showing him on his deathbed for 10 times as much.

Ahead, at the wooden portable barriers circling the giant obelisk in the center of St. Peter's Square, three policemen shouted in unison: "Piano, piano, non spingere"—slowly, don't push.

Bell Tolls 8 and 2
The basilica's bell struck eight times and then twice. It was 8:30 a.m. In front of me a group of blue-vested orphan girls chanted. All of a sudden I was pushed forward. My group was on its way. The pressure increased.

The autumn sun grew hotter. I was tramping on someone's feet.

First National To Hold Annual Dinner

The Rev. Francis E. Reinberger, professor of practical theology at the Gettysburg Seminary, will be the speaker at the thirty-second annual stockholders dinner to be held by The First National Bank of Gettysburg at the Hotel Gettysburg October 30 at 6:30 p.m., I. Z. Musselman, president, announced today.

In letters sent all stockholders, the shareholders and their wives or husbands are invited to attend the annual session. Musselman said: "This annual dinner offers the one great opportunity of the year for all of our stockholders to get together and to meet and know each other better. This affords also an opportunity to keep in touch with some of the economic problems of the day."

FIREMEN PLAN TO FIGHT TAX ON BUILDINGS

The Adams County Volunteer Firemen's Association, meeting at Bendersville Monday night, agreed to continue its fight to secure legislation exempting fire companies and churches from the state's three per cent sales tax when engaged in renovation or construction of buildings.

Harry F. Biesecker, Cashtown, president, told the group: "We have some petitions. We need more. If we plug it at it and other fire companies throughout the state join in I feel sure we can convince the legislature that it would be of benefit to everyone to drop the sales tax on church and fire company buildings." Biesecker told the group: "The sales tax cost the Cashtown firemen almost \$700 in construction of their building and Conewago undoubtedly had to pay a number of hundred dollars additional to construct their building."

Report on Convention
J. Faber Wildasin, Abbottstown, and Edward Loeffel, Littlestown, reported on the recent state firemen's convention at Scranton.

Loeffel and Wildasin both reported on the status of the relief funds provided by the two per cent tax on "foreign insurance." The money is collected by the state, returned to the various boroughs, cities and townships and then turned over to the fire companies for use as "firemen's relief."

DEMOCRATIC DINNER RALLY ON WEDNESDAY

Mayor David L. Lawrence, of Pittsburgh, candidate for governor on the Democratic ticket, and other party candidates will speak at the Adams County Democratic Rally Wednesday night in the Gettysburg High School auditorium at 8 p.m.

The speaking program in the auditorium will be preceded by a dinner in the high school cafeteria. Fred G. Klunk, county Democratic chairman, said "everybody is welcome to attend the program in the auditorium, whether they attend the dinner or not."

James M. Quigley, candidate for Congress in the 19th district, and Charles E. Bender, candidate for General Assembly from Adams County, will participate in the program.

Furman To Appear
Other state candidates who will appear are John M. Davis, for lieutenant governor, and Curtis Bok, for judge of the state supreme court. Gov. George M. Leader, who is running for the U.S. Senate, and Miss Genevieve Blatt, seeking re-election as secretary of internal affairs, have not been scheduled to appear as they have conflicting engagements. Both appeared here earlier in the campaign.

Lt. Gov. Roy E. Furman, who opposed Lawrence in the state Democratic primary election, is also scheduled to be here for the program.

"Unsatisfactory Work" On Eisenhower School Arouses School Directors; Direct "Strictest Supervision"

Closer supervision of the work of the general contractor on the new Eisenhower Elementary School here is to be requested by the Gettysburg Joint School Board from the Buchart Engineering Corporation at York, architects for the new building scheduled to be finished next April 1.

A letter to the architects was directed Monday evening by the joint board after directors showed concern over the new building on the basis of reports of "unsatisfactory work" by the general contractor, W. R. Oyer, Inc., of Waynesboro, on the Eisenhower school land on another school the firm is building at Scotland.

Reports to the joint board from the architect told of panels of brick walls that have been torn out and replaced, of pending orders to replace other faulty brickwork, of unsatisfactory mortar mixes and mortar joints and of "access doors" that have been placed but do not meet specifications and must be replaced on the Eisenhower School.

Cite Nearby Trouble
At a meeting a copy of a Chambersburg newspaper was circulated containing a story that the Green Township school board in Franklin County has threatened the Oyer firm with contract cancellation on a new grade school building at Scotland if corrections are not made within a seven-day period. Bucharts are the architects there also.

The Chambersburg newspaper said the Green Twp. board complained of uneven concrete floors, crooked window installations, "alligator cracks" in plastering and a bulge in an interior brick wall. The "fix up or we cancel" ultimatum was described as the latest development in a dispute between the school district and the Waynesboro contractors.

Gerry Orndorff, job supervisor on the Eisenhower school for Bucharts, told the board: "You'll get your building the way you want it — according to specifications — but it may affect the completion date. Oyer knows he's in hot water but there's been an improvement here in the last few weeks."

It was Orndorff who ordered panels of exterior brick walls torn out and replaced last month and he said Monday more brickwork will have to be done over. He was promised full backing of the joint school district.

Called "Lousy Job"

Arthur R. Buehler, Mt. Joy Twp. school director and member of the Gettysburg School Authority Board, brought the Scotland matter to the attention of the board and in view of reports of difficulties with Oyer on the local school asked if there should not be a full-time "clerk of the works" employed here to protect the school board's interests.

"I had a bricklayer look at the work at the Eisenhower School and he called it a lousy job," Buehler said. "I tell you frankly, it concerns me greatly that we take action now to see that we get the kind of a school building we have on paper."

Orndorff told the board he had the contractor tear out an interior masonry wall Monday and rebuild it because as first erected it made no provision for heating ducts required on the plans.

"We have no trouble with the electrical and plumbing contractors," Orndorff said. "When they have problems they come to us. But the heating and general contractors don't come to us, they just go ahead and have to be watched very carefully."

May Delay Completion

Orndorff said he spends from two days to three-quarters of a day a week on the Eisenhower school site. It was on the basis of this report that the school board asked that Orndorff be assigned to the job for more of his time.

The stage of completion of the new school was uncertain today. Orndorff's report showed "30 per cent" but he said that was an obvious typographical error for it had reached that stage in August. The heating work is 30 per cent done; plumbing 50 per cent and electrical, 20 per cent, Orndorff said. The general contract was described as six per cent behind schedule.

After Monday's meeting of the board, the Finance and Planning committee met with Orndorff to go over color charts for the new school and make decisions about colors of floors and walls.

CHANGE MEETING HOUR
The time of meeting for the Parent-Teacher Association of the Franklin Township Elementary School Thursday evening has been changed from 8:30 to 7:30 o'clock. Plans will be made for a Halloween party for the children. All parents are requested to attend.

LIONS PUSHING BENEFIT GAME

Reports were given on preparations for the "Battlefield Bowl" benefit football game October 23 between the Gettysburg College Freshmen and the Shippensburg State Teachers College Jayvees at the weekly dinner meeting of the Gettysburg Lions club Monday.

The Lions are sponsoring the game as a Charity Fund benefit and are selling tickets at \$1 each. Students tickets are 50 cents. Programs will be on sale that evening. M. P. Hartzell Jr. announced. Committee assignments are being made for the event among the Lions.

Members helping with the Community Chest campaign were asked to complete their work by Wednesday.

Lions voted a contribution to the state Hospitality Room at the Lions' convention at the rate of 10 cents per member. President John C. Stahle announced the club has 150 tickets for the Pittsburgh Symphony concert for November 21 which are available from the secretary.

Sixty-eight members attended the dinner meeting at the Shetter House. There was no program.

REPORT 6,387 VISITORS HERE

Despite bumper - to - bumper traffic through Gettysburg at times over the weekend, tourist visitation over the battlefield declined slightly under the visitation for the same weekend a year ago.

Many of the motorists were headed for the mountains to view the fall coloration.

Despite the "rival attraction" 6,387 tourists visited the battlefield Saturday and Sunday, the National Park office report showed. The number compared to 6,773 for the comparable weekend a year ago.

The National Park report shows that September, with its frequent rains was marked by a decline in visitation here. During September, 1957, there were 81,789 tourists here. During September, 1958, there were 82,426 fewer tourists, or 69,363. October 30 so far is holding up well for tourist visitation. For the first third of the month there were 26,482 visitors here compared to 58,636 during the entire month of October a year ago.

TOWN NATIVE WILL BE 100

Melvin J. Settle, Gettysburg native who has recollections of the battle of Gettysburg, will observe his 100th birthday anniversary Wednesday at his home on the grounds of the Quincy Orphanage in Franklin County. Mr. Settle, who suffered a hip fracture in a fall last year, gets about in a wheel chair.

After finishing country school Mr. Settle became interested in cabinet making and for 21 years lived in Waynesboro and worked for the Geiser Lumber Company there. Later he managed the vineyard plant for the C. H. Muselman Company at Biglerville for a number of years.

He and his second wife, Elizabeth, 82, live in a home he built at the orphanage. His first wife, who was a former school teacher, died in 1942. He professes to have no special formula for longevity but says he has always eaten sparingly and has held to the formula of "early to bed and early to rise."

Mr. Settle, who has a number of relations living in this county, formerly resided in the Seven Stars section.

Split In Methodist Church Looms In Little Rock, Ark.

LITTLE ROCK, Ark. (AP)—There were rumblings of a possible denominational split here today as the focal point of Little Rock's integration troubles switched from schools to churches.

About 300 persons formed a Council of Methodist Laymen Monday night with the announced intention of combating church integration. They indicated they would favor a split from the national Methodist Church if it doesn't change its policy.

And a segregationist minister claimed a victory when a Southern Baptist group did not move to oust him from its ranks, as he had predicted it would.

Cite Church Role

Even as the city awaited another crucial federal court ruling from St. Louis Wednesday on the status of its closed high schools, there were indications that church segregation will play a bigger role in the ever-growing struggle here.

Countian Injured In Sunday Crash

An Adams County youth escaped with minor cuts and bruises early Sunday morning when he fell asleep at the wheel of his car which ran out of control on Route 16 about three miles east of Blue Ridge Summit.

Earl Slothour, 19, New Oxford R. 2, was taken to the Waynesboro Hospital by a passing motorist. He was treated for cuts of the upper lip, face, neck and hands.

State police of the Gettysburg substation said Slothour was driving his 1950 Chevrolet eastward on Route 16 at 5:10 a.m. when he fell asleep and the car crashed into the guard rails. The car was demolished.

Driver Arrested; Never Had License

An Adams County man who told Waynesboro police he never had an operator's license was arrested Saturday night while driving in Waynesboro.

William E. Naugle, 20, Gettysburg R. 2, was arrested at 10:30 p.m. Saturday on W. Main St. When officers stopped Naugle in a traffic check and asked to see his license, he said he never had one.

An information against Naugle was lodged before Justice of the Peace J. Edgar Oiler, Waynesboro.

"IF YOU WERE CALLED"

Of times I think of how I'd feel . . . if you were called away . . . and just the passing thought of it . . . fills me with great dismay . . . and so I pen these words to tell . . . of how I'd ache and yearn . . . if you would be the first to take . . . the road of no return . . . starlight would hold no mellow glow . . . instead an icy chill . . . I'd walk in shadows all the time . . . without hopes to fulfill . . . each day would be a dreary time . . . nights long and very blue . . . this life would be an empty thing . . . if it were not for you . . . the years we spent together dear . . . can never be undone . . . together always with two hearts . . . that really beat as one . . . yes, I am sure I'd toss about . . . like driftwood on life's sea . . . until we met beyond the sky . . . if you were called from me . . .

would take part led to discussion of the possibility that the firemen might make an annual drive for funds and then divide the amount between the Adams County Crippled Children's Society, Muscular Dystrophy and others.

No decision was reached. The matter will be discussed by the various fire companies and reports will be made at the January county firemen's association meeting.

J. Faber Wildasin, Abbotstown; Robert Eisenhart, Aspers, and Robert Heyser, Gettysburg, were named by President Biesecker as a committee to arrange for a finance project.

The officers were named as a committee to study the bylaws and rearrange them in accordance with actions taken at conventions over the last decade and have them printed.

Biesecker urged members "of all companies to attend the programs of the other companies. That way we can help each other. If a half dozen members from each company visit the bazaar or festival of another, they will not only be helping to cement relations between the various fire companies, but will be helping each other financially as well."

The next meeting will be held at Biglerville January 5.

spect for learning and intellectual accomplishment in Russia than there is here."

She pointed out that Russian courses are more difficult than those in the U. S. Foreign languages, she said, are taught in the fifth grade and many of the students study English.

Dr. Fisher's own inability to speak or understand more than a few words of Russian, she found, was more an asset than a liability. She said that she was able to converse with many Russians as they speak English and she felt that they talked more freely to one who could not speak Russian.

Students Paid
"All higher education is free in Russia, including medical and professional schools," she said. "Many (students) get paid living allowances, too, while they study."

"There is good and bad in the Russian system," she added, pointing out that we might well consider imitating some of the good.

On the bad side she pointed to "uniformity which leaves little choice — no local control; everything is controlled straight from Moscow. The Russian goal is not to improve the individual but to raise the group. Their goal is in mathematics and science, not in critical thinking, not in developing the inquiring mind."

Dr. Fisher said that in Russian athletics stress is on participation and there is no competitive team play between schools as there is in the U. S.

Toured Russia
The speaker who toured Russia last summer is assistant professor of political science at Syracuse University. She had also spoken to the teachers at their morning session when her topic was "Education in an Age of Insecurity."

Following the morning general session, teachers divided into grade and subject groups for topic, "Adjusting Our Curriculum to the Changing Times."

Prior to the afternoon general session, the teachers held sectional meetings. President Cover conducted the PSEA branch meeting which concluded the day's institute activities.

centage figure used by the Department of Public Instruction to equalize aid to school districts throughout the state.

"We have estimated conservatively that this will mean an additional \$12,000 per year to this district," Hudson said.

No Tax Cut
To a question as to how much the change will lower taxes, Hudson said, "Understand, I did not say and will not say that this will lower taxes." The additional state help, if the districts are merged, will reduce the portion of school operating expenses to be raised through local taxation, but in face of rising costs officials do not predict a tax cut, rather they expect that the local tax burden will be less than it would be if the merger is not approved.

Hudson emphasized that the school directors are favoring the merger because of the benefits it will bring to students of the system. "We've got to find additional room for our boys and girls," he said. "We're overcrowded. It's not fair to the youngsters and it's not fair to the teachers."

"Our library is not adequate. In a couple of years we'll be graduating classes with over 100. That won't be just one year, it will be continuous."

Need Classrooms
Hudson said enrollment in the districts' elementary schools has reached 290 in Benderville, 270 in Arentsville and 247 in Biglerville. The greater state aid is being counted on to help carry the burden of additional building which school officials predict will be necessary in the district.

Mrs. Mary Baker, Mrs. Edith Gordon, Mrs. Ruth Moul, and Mrs. Edna Rudisell will attend and present a cash donation and sandwiches.

Chaperons for the next teenagers' dance will be Mrs. Ruth Moul, Mrs. Florence Rohrbach and Mrs. Erma Smyers. The committees for the community children's Halloween party on November 1 are as follows: baby to five years, Mrs. Mary Baker, Mrs. Eva Emig and Mrs. Loretta Lucabach; six to eight, Mrs. Ruth Moul, Mrs. Edith Gordon, Mrs. Lola Gross and Mrs. Ethel Prout; eight to ten, Mrs. Florence Rohrbach, Mrs. Trevia Chronister and Mrs. Erma Smyers; ten to twelve, Mrs. Lois Baker, Mrs. Ruthetta Stambaugh and Mrs. Raymond Hoffman Jr.

Mrs. Ethel Krout, Mrs. Florence Rohrbach and Mrs. Edna Rudisell were appointed to a delinquent membership committee. A sunshine box was sent to Harold Altland, who is convalescing in Germany. The pig-in-the-poke was won by Mrs. Erma Smyers. The next meeting will be October 22 followed by a bingo game.

BOARD MOVES

(Continued From Page 1)
The board adopted other Teacher committee recommendations by granting a two-week leave of absence to James R. Feather for Naval duty and by adding these names to the list of approved substitute teachers: Mrs. Jewell H. Makolin, a former local teacher; Mrs. Shirley H. Speir and Mrs. Francis C. Mason.

Defer Custodian Action
After a long discussion, the board put off until next month action of three nominees by the Property committee for the new position of "chief custodian," who would work generally under the supervision of Business Manager Kenneth G. Reinhart Jr. as overseer of the janitors with responsibilities for planning and upkeep of the school property.

Eighteen men had applied for the job but the board had three persons recommended by the Property committee, who had been interviewed. They were Richard A. Kershner and Dorsey J. Shultz of Gettysburg and John A. Rafensperger, of Arentsville. The salaries at which they were willing to start ranged from \$3,500 to \$4,500.

Discussion brought out a question as to whether such a person "is necessary in view of the cost squeeze that is on the school boards." One reply was that such an employee might be able to save the school district more than enough money to cover his salary. Snowballing paper work for Mr. Reinhart leaves him with insufficient time to supervise and plan maintenance work, it was claimed.

Will Rent Field
There was a motion to table which was not seconded, a motion to elect Mr. Kershner but before a roll call could be taken, there was a swing back to the postponement plan. Clear definition of the duties involved and more information on applicants are to be available next month.

The board agreed to rent the high school athletic field to the Gettysburg Lions Club for \$75 for a benefit football game and added a requirement that insurance coverage be provided. The limits were set at \$100,000 to \$300,000.

Also on recommendation of the Property committee, the board authorized the placing of four adjustable backboards for basketball baskets along the sides of the high school gymnasium with the Recreation program paying half the cost. It was estimated the cost to the school district will be about \$200.

Bills totaling \$18,808 were approved for payment.

Invited To Meeting
Audited financial reports of the joint school district, the cafeteria funds and the athletic and special funds were received and filed without reading. The audit was made by the borough auditors.

Directors were invited by Superintendent Riegle to attend the teachers' panel discussions on school problems Friday when local schools will be closed.

In some cases it might be specific exercises to strengthen a particular weak muscle to prevent a deformity that could be caused by the pull of a strong muscle against it. Again it might be a series of exercises to develop a number of muscles."

Howard L. Rohrer and Max McCorie, of the Berwyn Rotary Club, thanked the local group for helping a Dutch exchange student.

The student, a young woman, was injured in an auto accident along the Lincoln highway, near Gettysburg. She suffered fractures of both arms and was a patient at the Warner Hospital. The Berwyn club asked the Gettysburg Rotary club to provide such comfort as they could, "and we want to thank you for doing a good job."

Introduces Guest
H. Edgar Riegle introduced the student Rotary member for October, Sidney Weikert, son of Mr. and Mrs. Robert Weikert and a senior at the local high school.

Burgess Wilbur Plank urged Rotarians "and all others" to attend a "double header meeting" next Monday evening, starting at 7 o'clock in the court house. State officials will be present to speak on garbage disposal and traffic, two problems currently before the town.

William Lentz urged members who are serving as canvassers for the Community Chest drive to "make your reports this week."

Dr. Frederick Shafer reported that tickets will be available for Rotarians to sell for the Pittsburgh Symphony Concert Nov. 21. The speaker was introduced by Walter Dillon, President David Blocher presided at the meeting.

92 New Members
The World Fellowship group plans to attend the National Cathedral service for the Y to be held in Washington, D. C., November 9. Those desiring to attend are asked to make bus reservations with the local YW office. A World Fellowship breakfast will be held at the Y November 11 in recognition of WF week. Arrangements for attending the breakfast may be made by telephoning the Y office a few days before it takes place.

It was also reported that 92 new and renewed memberships have been made, and 21 community clubs and conferences were held at the Y in September.

Various clubs of the YWCA also gave reports. The Round the World Club held its first meeting October 8 with Mrs. Thomas Kennedy in charge of the subject, "Greek Macedonia." Mrs. Claire Donley is scheduled to talk on her visit to Mexico at the next meeting, November 5.

The Fall Foliage Tour had 26 travelers.

The Business and Professional Women's Club visited the clock collection of John Myers, New Oxford, last week. The club will visit the Musselman plant November 13.

The Annie Danner Club recently had a wiener roast, baby shower, family picnic and a trip to the Joan of Arc Club, Hanover. A hayride has been planned for next Tuesday.

IKE OBSERVES HIS BIRTHDAY AT BREAKFAST

WASHINGTON (AP)—President Eisenhower began his 68th birthday observance today with an appeal to Republican workers to unite in a fighting campaign to regain control of Congress.

Eisenhower, ruddy and smiling, told more than 500 GOP campaign staff workers at a birthday breakfast that the administration's record of accomplishment is such there should be no doubt Republican candidates will win in the election.

"Why shouldn't our faces be bright?" the President asked with a big grin.

He said if each of the workers puts everything he has into the campaign to interest people who believe in "sound, logical government and who are opposed to radicalism, we can win without doubt."

"Put behind all memory of past quarrels between ourselves," Eisenhower said. "If we dedicate ourselves completely to the job and put our whole souls into it, we can win."

There was a generally joyous tone, with one solemn interlude, in the President's birthday plans. Shortly after the GOP breakfast party he had arranged to attend a pontifical Requiem Mass for the late Pope Pius XII.

News From Nearby Counties

CUMBERLAND COUNTY
A Newville area family of six was left homeless when fire destroyed their two-story frame dwelling about four miles north of Newville Sunday afternoon while the family was not at home. Mr. and Mrs. Harold Bender and their four children lost all of their personal possessions except the clothing that they were wearing.

The parents' weekend at Dickinson College, Carlisle, attracted 1,600 visitors.

The Halloween parade in Mercersburg has been scheduled for Tuesday, October 28, at 8 p.m. with the rain date the following night.

Cumberland County Coroner Dr. Edward A. Haegele, Mechanicsburg, was re-elected secretary-treasurer of the Pennsylvania State Coroners Association at its meeting in Altoona.

FRANKLIN COUNTY
Greencastle police said information will be filed against 12 county motorists charging them with speeding on public streets of the borough. The charges result from speed traps conducted last Wednesday and Friday.

YORK COUNTY
Manchester Twp. supervisors have decided not to take "no" as the state's final answer on proposed remedies to the confused street and drainage conditions caused by the building of the Susquehanna bypass. They object to state plans to divert water from its natural course onto an unimproved building lot. The state refused a supervisors' request to extend a storm sewer.

Red Lion's borough council heard a report from engineers that a proposed sewer system would require a bond issue of \$1,733,000 and could be financed by an assessment of \$7.10 per front foot on property owners plus a \$150 connection charge and \$49 per family yearly rental.

Gettys Lodge, I.O.O.F.: At the regular meeting of Gettys Lodge No. 124, I.O.O.F., last Tuesday evening the following officers were elected: Noble Grand, William M. Henry; Vice Grand, Charles E. Sheads; Permanent Secretary, E. E. Slaybaugh; Treasurer, J. L. Schick; Trustee, James M. Caldwell; Representative to Grand Lodge, Maurice A. Miller.

This is the 37th consecutive time that Mr. Schick has been elected Treasurer of the above lodge. He has been a member for 62 years, a Past Grand for more than a half century, and is the oldest member of the lodge.

The Lodge has moved into its handsome new room on the third floor of the First National Bank building and last night the newly-elected officers were installed.

Since the institution of Gettys Lodge in 1805, about fifteen hundred have been enrolled in its membership. About \$50,000 has been paid in weekly benefits to sick members of the Lodge and to the families of deceased members nearly \$35,000. In gifts of charity to widows and orphans the Lodge has given over \$2,000.

General Local Jottings: The crop of apples from the Sheely orchard, near Hilltown, this year, is estimated at 3,000 bushels.

Charles Weigle is undecided about rebuilding buildings on his farm near Heidelsburg destroyed by fire. He receives only \$900 insurance and his loss will be heavy.

A York county man while hunting saw what he thought was a gray squirrel and shooting, brought down a chicken hawk with the squirrel. The hawk had the squirrel but was hidden by the leaves of the tree.

The chestnut crops are reported to be a large one.

The festival at Table Rock school house on Route 6 last Saturday evening was a success, \$48.50 being realized.

A Bryan Club has been organized by the Democrats of Reading township with S. Miley Miller as President.

Rev. H. Hartman, of Connecticut, has been elected pastor of the Newville Lutheran church to succeed Rev. G. W. Nicely who resigned to accept the secretaryship of the Gettysburg College Y.M.C.A.

The East Berlin Milling Company is running day and night and paying 96 cents for wheat. They have over fifteen thousand bushels of wheat on hand.

Edward King of Hamilton township has sold his 43-acre farm to Samuel Ziegler for \$2,500.

The house and store property of A. F. Cronise in Biglerville has been sold to George H. Knouse, who will move into the building in the near future.

The citizens of Biglerville are talking of organizing a hose company. The water force is strong and an engine is unnecessary. The supply of water was unaffected by the drought and the system is a good one. Many of the residents have had it put into their houses.

Today's Talk

JUST BE KIND

I have been thinking a great deal lately about the simple, everyday virtues, let us call them—those things that become so much a part of an individual, like kindness, generosity, courage, patience and humility. And three words I think top them all. Here they are: I hope they kind!

There is so much unkindness in the world. We need its opposite. How happy kindness makes us! Miracles have been wrought by it time and time again, and it has wiped away so much bitterness and so much sorrow. There are too many heartaches in the world, and too much sorrow.

We do not need money to wipe these things away. People with millions experience the same as those who have next to nothing. On the other hand, if you have these kindly qualities you have what wealth and affluence cannot buy.

An animal responds to kindness the same as does a human being. Many a dog has sacrificed his own life to save that of his master—if that master was always kind. But if he wasn't that dog will wag his tail and be his friend no matter what! That's the dog's characteristic—loyalty to the very end. No matter how one of these smaller dogs is pulled and yanked about the street its understanding glances every few seconds seem to say—"Just be kind and feed me and I'll always be your friend!"

"Billy" Muddoon, the great athlete, once said it was surprising how greatly the human body reacted to just a little kindness. I often wonder how it is that this body of ours can stand so much abuse. I think it must be secretly endowed!

Tomorrow Mr. Adams will talk on the subject: "Who Needs You?"

BUSY

I am a busy man; you see
I have a suit of blue.
I have no time to think of rhyme
Nor meet my bills past due.

It matters not where I may go,
Nor e'en what I may do;
All dust and dirt, I here assert,
Sticks to my suit of blue.

And so I am a busy man,
With whisk broom never
through;
Each hour I stand, with brush in hand,
And sweep my suit of blue.

I even dreamed of it last night;
Methought a man came to
My sleeping room and grabbed my broom,
But spurned my suit of blue.

"Oh, spare my broom but take my suit,"
I cried, it seemed so true.
He answered: "No, the broom will go;
I have a suit of blue."

And then I woke up in affright
To think what men will do
In midnight gloom to get a broom
To clean a suit of blue.

Propose Rate Boost For Gas Consumers

WASHINGTON (AP)—Two Pittsburgh natural gas firms, Manufacturers Light and Heat Co. and Home Gas Co., propose annual, wholesale rate increases totaling \$2,088,000 to go into effect Nov. 9.

The companies, both subsidiaries of the Columbia Gas System, filed the proposed boosts Monday with the Power Commission.

Manufacturers' proposal would affect 25 wholesale customers in Maryland, New Jersey, New York, Ohio, Pennsylvania and West Virginia.

The Home proposal would apply to six wholesale customers in New York.

Propose Rate Boost For Gas Consumers

WASHINGTON (AP)—Two Pittsburgh natural gas firms, Manufacturers Light and Heat Co. and Home Gas Co., propose annual, wholesale rate increases totaling \$2,088,000 to go into effect Nov. 9.

The companies, both subsidiaries of the Columbia Gas System, filed the proposed boosts Monday with the Power Commission.

Manufacturers' proposal would affect 25 wholesale customers in Maryland, New Jersey, New York, Ohio, Pennsylvania and West Virginia.

The Home proposal would apply to six wholesale customers in New York.

G-BURG STARTS PREPARATIONS FOR ALBRIGHT

Considerable shifting of positions was indicated Monday as the Gettysburg College football squad began preparations for its engagement Saturday evening with Albright at Reading.

Ernie Veltan, sophomore, who scored twice again Drexel, may replace George Greiner, senior halfback in the starting lineup as the result of Greiner suffering a leg injury last Saturday.

Line Coach Gene Hummel is not entirely satisfied with his tackle situation and may move Jim Hess, Junior, back to that position from guard. Frank Temme, Sophomore, has shown well on the line despite his light weight — 175 pounds. Ron Fredericks, Sophomore end, has been coming along fast and is now tabbed as "almost a starter."

Perform Well

Coach Eugene Haas was well pleased with the work of Ed Books, Junior quarterback, who directed the team well and also piloted the Bullets to a TD against Drexel. Don Tuckloff, another Sophomore back, also looked good against the Dragons.

"Buddy" Goodman, Sophomore end and just about the fastest man on the squad, will get a shot as a ball carrier in a half-back slot. Lance Butler, Sophomore quarterback, is being shifted to end.

It was revealed Monday that Eddie Lucas, Sophomore halfback, will be lost probably for the season after suffering a shoulder separation Saturday. He has been troubled with shoulder trouble for some time. On the brighter side it was reported that Jules Prevost, Senior guard who suffered a similar injury a week ago, will start taking light workouts soon in the hope of being able to don a uniform within several weeks.

Stress Pass Defense

Pass defense will be one of the targets during the week as Coach Haas is wary of the fine passing of Frank Sudock, veteran Albright quarterback.

Albright's lone victory was a 21-0 win over Drexel. The team tied Lebanon Valley at 14-14 and lost a 24-8 decision to unbeaten Lycoming last Saturday.

PAT M'MURTRY COMES EAST TO BUILD REP

NEW YORK (AP) — Reversing the usual westward trend, Pat M'Murtry has come East to rebuild his boxing reputation.

The 6-1, 188-pound heavyweight has compiled a fine 29-2-1 record and has attracted some big gates in his home territory of Tacoma, Wash.

"It was time to get out," said the crew-cut fighter. "No matter how well you do, people get tired of the same faces. I've had all my fights in the West."

"Then, too, you get more recognition for a big win in New York. No matter how much you beat a guy somewhere else, it counts more here."

In Garden Friday

"Take those ratings. I'm listed fifth or sixth and then all of a sudden I'm not even listed any more. I lost just two fights—both close — to Willie Pastrano and Willie Besmanoff. I was sick before the Besmanoff fight but I didn't want to pull out. So right after the fight I got pneumonia. And then I'm out of the ratings. How do they make them up anyway?"

The 26-year-old ex-Marine hopes to climb back into the elite list with a victory over George Chuvalo, the Canadian heavyweight king, in the radio-television feature at Madison Square Garden Friday night.

Chuvalo, 21, 6-1, and 210-pounds, has an 11-2-1 record, including eight knockouts. He is ranked 10th by Ring magazine.

Chuvalo, touted as a potential topnotcher by a couple of ex-champs, Jack Dempsey and Rocky Marciano, is the 7-5 favorite.

California STC Holds First Place

JOHNSTOWN, Pa. (AP)—Unbeaten California, winner of three games, holds first place in the Pennsylvania State Teachers Colleges Football Conference for the first time in school history.

Under the Saylor rating system, which uses won-lost records and caliber of opposition for computation of standings, California has 250 points.

Tied for second place with 225 points each are Bloomsburg and West Chester. Both have 2-0 records. Next is Millersville with a 2-0 mark and 200 points.

Bob DeFonzo of Lock Haven and Jim Creighton of Millersville are tied for individual scoring honors with 18 points.

BIG ELEVEN'S LOSE PLAYERS TO INJURIES

By JACK CLARY

Associated Press Sports Writer
Winning football games can be tough enough without losing players who are as valuable as life insurance.

This is the problem facing quite a few coaches today as they begin prepping for Saturday's games.

Take Notre Dame's Terry Brennan. The Irish coach must recoup his lads from their 14-2 loss to Army last Saturday, and at the same time prepare for a dangerous Duke team. To add to this, he will probably be without the services of Norm Odyniec, converted from fullback to halfback for the Army game because of his running prowess.

Has Bruised Shoulder

Odyniec is out with a bruised shoulder. Brennan must rely on Jim Crotty, whose place Odyniec took against Army, in being completely mended from a leg and thigh injury.

The Irish, winners of two games before meeting Army, have not been an offensive powerhouse as in the past. They have scored just 34 points, allowing only 21. Brennan had his strongest, though not his fastest, backfield of the season against Army.

Michigan's Bennie Oosterbaan has lost fullback John Hearnstein for the season, because of injuries suffered in the Wolves' 20-14 loss to Navy.

Face Tough Foes

That was the Wolverines' first loss after a 20-19 victory over California and a 12-12 tie against Michigan State. The big senior fullback figured heavily in both and his replacement, Tony Rio, will have to carry the burden, against predominantly Big 10 teams from now on.

Bill Meek's Southern Methodist team won its first of the year against Missouri 32-19 Saturday, and without ace quarterback and passer, Don Meredith. Meredith is on crutches after being injured in the 14-6 loss to Notre Dame Oct. 4.

Whether he will be available for Saturday's Rice game is questionable. Meek also is hoping to have end Ray Sherer, injured when SMU lost to Ohio State 23-20, in an effort to keep his offense in high gear.

Gophers Lose Back

Minnesota, winless in three games by a total of 13 points, lost halfback Arlie Bomstad, leading ground-gainer in Saturday's 7-3 loss to Northwestern, and fullback Roger Hagburg. The Gophers play winless (0-3) Illinois Saturday.

Washington State plays defense-minded Oregon Saturday minus quarterback Bobby Newman, who has helped his team account for 90 points in four games, for a 2-2 record. Newman was injured against Idaho Saturday and is touted as WSU's offense.

The Ivy League has its share of trouble too, but with a ray of sunshine. Princeton lost tailback Dan Sachs for at least three weeks when he hurt his back against Penn. His replacement, John L. Sullivan proved more than adequate in leading the Tigers to a 20-14 win, their second straight after a 28-0 loss to Rutgers.

Other Injuries

Brown probably will play Penn this Saturday without halfback Bob Carlin, the Bruins' most consistent performer.

Elsewhere, Oklahoma's Bud Wilkinson kept only fullback Prentice Gault in the first team backfield after the 15-14 upset loss to Texas. He also moved three men into the first team line for the Kansas game Saturday. Boston College (1-2) will have to do without quarterback Don Allard against Marquette, and Coach Mike Holovak will have to dig deep as two other first line quarterbacks also are unavailable because of injuries.

roe, Worcester, Mass., outpointed George Araujo, Providence, 10 (lightweights).

Paris — Bantamweight Champion Alphonse Halimi, 119½, Algeria, stopped Dante Bini, 119½, France, 5 (non-title).

Sydney, Australia — Johnny Van Rensburg, 145½, South Africa, outpointed George Barnes, 147½, Australia, 12.

INDIANS WILL DECIDE SOON ON MOVE, STAY

CLEVELAND (AP) — The big guessing game is on again: Are the Cleveland Indians going to move their baseball club to another city before the 1959 season?

The answer may become known some time next week. That's when the club's board of directors will meet, although no definite date has been set.

William R. Daley, board chairman, said Monday night he wants to "lay the facts" before the directors. Apparently this means he has received offers to move the club and wants to outline them to the directors, of whom there are 13. The best guess is that the offers are from Minneapolis and Houston.

May Not Move

Daley, who controls about 35 percent of the club's stock, said it is "entirely possible" no move will be made, but added:

"I feel that the directors should know all the facts as I have learned them. This is a serious problem and I want to review the whole situation."

The problem is Cleveland's dwindling home attendance, down from an all-time major league mark of 2,620,627 in 1948 to only 663,804 in 1958.

If the Indians are to transfer to some other city they must make the decision before Oct. 31, the deadline for drafting minor league territory. They still would need approval from two-thirds of the American League club owners for any shift.

Brown Back

LEADING PRO BALL TOTERS

PHILADELPHIA (AP) — Husky Jimmy Brown of Paul Brown's Cleveland Browns is leading the National Football League in ground gaining with more than half as much yardage in three games than he pounded out in last year's entire 12 games schedule.

Now in his second year of pro football, Brown gained 942 yards in 1957. In the first three games of 1958, he has accounted for 482 yards for the unbeaten Browns.

Cleveland's "bread and butter" guy has carried the ball 75 times, averaging 6.4 yards per effort and 160 yards a game. He's taken dead aim on Steven Van Buren's seasonal yards gained rushing title of 1,146, set by the former Philadelphia Eagles' star in 1949.

Tom Wilson Second

Tom Wilson of Los Angeles ranks second in the art of carrying the ball with 280 yards, followed by newcomer Bobby Mitchell, also of Cleveland, with 262, and Jon Arnett, Los Angeles, 253.

Little Eddie Lebaron, the lightest man in the league, has the heaviest passing average. The mighty mite, as he is known in the pro football world, sports a per pass average of 9.6 a throw. In all, Lebaron has tossed 44, completed 25 for 426 yards and two touchdowns. His percentage of completion is 56.8.

Mack Reynolds, the Chicago Cardinals' rookie quarterback, is second with these figures: average 8.55, 42 for 74, 633 yards, 4 Ts, 56.8 completion percentage.

Other Leaders

In other departments these are the early season leaders:

Pass receiving — Ray Berry, Baltimore, 19 caught for 266 yards and 3 TDs. R. C. Owens is second with 16 for 187.

Scoring — Brown of the Browns 48 points on — Tds. John Crow of the Cards is second, 5 TDs, 30 points.

Punting — Don Chandler, New York Giants, averaging 46.2 yards to 45.7 for Sam Baker of Washington.

Punt returns — Billy Wells, Philadelphia, 5 for 91 yards, averaging 18.2. John Morris of the Chicago Bears is second, 4 for 48 yards and a 12 yard average.

Kickoff returns — Len Lyles of Baltimore, 3 for 147 yards and a 39 yard average. Green Bay's Al Carmichael is second, 3 for 115, a 38.3 average.

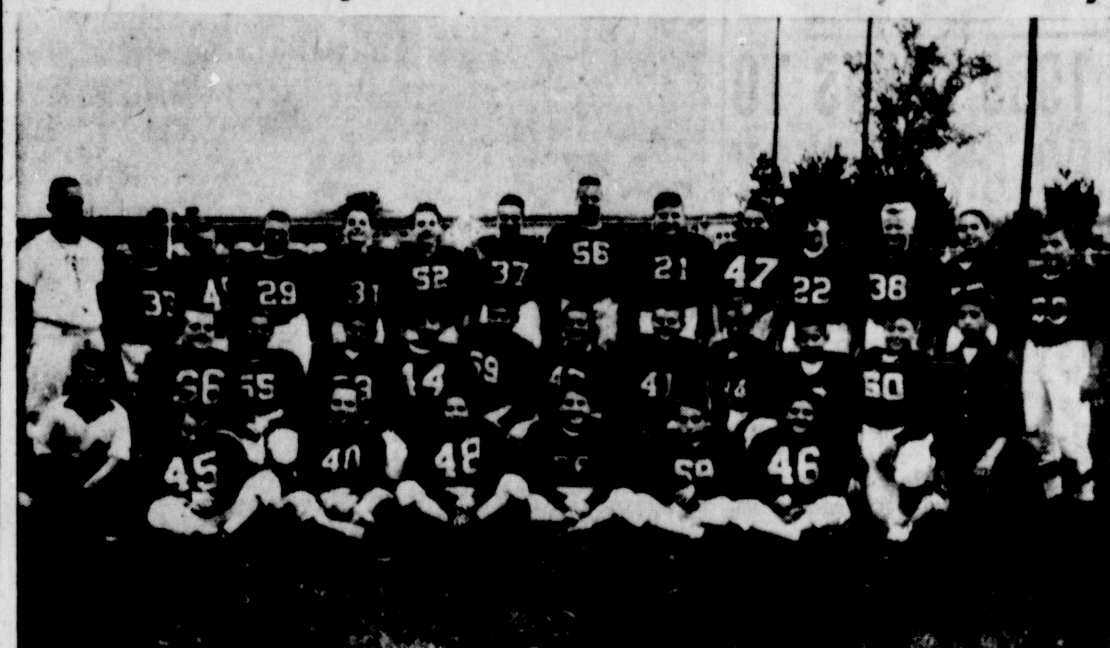

Pass interceptions — Andy Nelson of Baltimore and Pittsburgh's John Butler, tied with 4 each.

Hershey Bears To Host Springfield

HEPSEY—The Hershey Bears, with a split in two games to their credit, will attempt to get back into the victory column on Wednesday night when they cross sticks with the Springfield Indians at the Sports Arena. Face-off will be at 8 p.m.

Coach Frank Mathers' outfit got off to a flying start before the home fans Saturday, white-washing Providence, 3-0, but ran into trouble at Buffalo on Sunday, losing to the undefeated Bison, 4-1.

Spiders Play Home Game Wednesday

The Gettysburg Seventh and Eighth Grade Spiders will play the final home game on their schedule when they meet Hanover here Wednesday afternoon at 3:30 o'clock. Bob Nicholson's outfit has defeated Boiling Springs 7-0 and lost to Chambersburg by the same score.

Front row, left to right: Barry Sease, Ronald Baker, Paul Olson, David Schwenk, Holles Dick, Joseph Redding.

Middle row: Daniel Weikert manager, John Longanecker, George Redding, Kenneth Kime, Dwight Little, Walter Jones, Michael Treas, John Tawney, Bruce Garrett, Robert Harman, Frank Wilde, Douglas Applier, manager.

G-BURG DOWNS MT. ST. MARY'S SOCCER TEAM

Dominating play throughout the first three periods, the Gettysburg College soccer team bounced back into the win column by edging Mt. St. Mary's at Emmitsburg Monday afternoon 3-2.

Jim Moyer put the Bullets out in front with a goal after 11 minutes of the first period and another at the nine-minute mark of the third period. Mt. St. Mary's initial score came after 18 minutes of the third frame and was bootied by Kuhn.

In the last quarter Don Emich scored for the Bullets after 11 minutes and the final Mount tally came on a goal by Blanford with but 40 seconds remaining.

Moyer, Bob Smith, Connie Youse and Keith Roberts turned in nine performances for Gettysburg.

Coach Bill Barriag's team (2-1) will meet F. and M. here Wednesday afternoon.

The Mountaineers (2-2) meet Washington College at Chestertown, Md., on Saturday.

"LONELY END" PLAY OF ARMY WINS ON GRID

Associated Press Sports Writer
WEST POINT, N.Y. (AP)—Army Coach Red Blaik dreamed up his new celebrated "lonely end" offense while basking in the Florida sun last winter.

He didn't have a name for it then. It was tacked on later by Stanley Woodward, sports editor of the Newark Star-Ledger. Then others changed it to "lonesome end."

Blaik's own assistants were skeptical at first. There was some nervousness before using it in the first game against South Carolina, which had beaten Duke the week before.

Fears Faded

These fears diminished when South Carolina was smashed 45-8 and Penn State beaten 26-0. They completely evaporated after the 14-2 victory last Saturday over Notre Dame, raising Army to the No. 1 ranking in the country.

"We couldn't have beaten Notre Dame without it," says Blaik.

Army's "lonesome end" is Bill Carpenter, a 6-foot-2, 205-pound hurdler and sprinter from Springfield, Pa. Instead of lining up with the rest of the team he parks himself 18 to 25 yards away near the sidelines.

Top Secret Info

Many teams have split their ends and sent the wingman out wide on "sleeper" plays. But Army's "lonesome end" is different. He sets up housekeeping out on the flank.

He doesn't even go into the huddle. He gets the plays by some device which is top secret and classified into the academy.

The main value is that the opposition is unable to solidify its defense. The secondary can't be used to close formation and, as a result, can't support the line as quickly. In other words, the enemy must send out a "lonesome" halfback or two to keep the end company.

WIN AT HORSE SHOW

"Paper Doll," owned and ridden by Edward Straub, Gettysburg, won the three-gaited and open three-gaited championships at the Franklin County Horse Show on Sunday. Finishing second in both events was "Playmore's Fancy Boy," ridden by Constance Schroll, Fairfield.

Announcement has been made in a change of date for the Gettysburg-Bucknell Freshman football game to be played at Lewisburg.

The game will be played next Saturday afternoon at 2 o'clock instead of Friday.

BERMUDIAN JT. CAPTURES 2ND GRID TRIUMPH

Bermudian Springs' varsity football team lifted its record to 2-1 by outclassing the Susquehannock junior varsity 27-6 Monday evening at Glen Rock.

Charley Chronister, Bermudian back, had a hand in all four of the winners' touchdowns, running for three and tossing the pass which produced the final six-pointer.

In the opening period Chronister scored from the 10 and Charles Graybill added the point via a plunge.

A 12-yard dash by Chronister produced the second touchdown in the second period, the extra point being added on a placement kick by George Williams.

A 25-yard pass, Chronister to Marlin Tate, gave the countians their third touchdown in the third period. The try for the point failed.

Winding up his big evening, Chronister streaked 30 yards in the last period to hit pay-dirt. Williams booted the point.

Susquehannock finally scored in the late minutes when Bill Stake tossed a 15-yard aerial to Dave Schue.

Bermudian (2-1) will meet the West York reserves next Monday evening at 7 o'clock on the latter's field.

Children Learn Right Habits

A "Safety and Courtesy Court" in Miami Beach, Fla., is helping primary grade youngsters "un-learn" bad driving practices set by their parents.

The court was established at the Biscayne Elementary school after a municipal court judge noted that many parents ticketed for traffic violations had children with them at the time they were cited.

He concluded that these and other youngsters should be taught correct safety habits by persons other than their parents.

With the approval of the school's principal and the PTA and with the cooperation of the local Optimist Club and the Jaycees, the judge set up a "Safety and Courtesy Court" for pupils who violate traffic rules as pedestrians or bicycle riders.

A group of outstanding students serve as judge, attorneys, jurors and bailiffs. They attend sessions of the sponsoring judge's own court to learn the fundamentals of legal procedures.

School officials determine whether a child should be summoned to the student traffic court. Crossing a street against a red light, disobeying a safety patrol boy and other similar violations usually result in a summons or "arrest."

The penalty set by the court is the writing of an essay on safe pedestrian and driving practices.

Bullfights are still the most popular attraction in the Roman amphitheater at Arles in southern France.

THE DRIVER'S SEAT

Somebody should give W. A. Bugge a green, red, white and yellow medal. What do these colors mean to the man in the driver's seat? And who is Bugge?

According to Bugge, past president of the American Association of State Highway Officials (AASHO) and highway director of Washington state, these colors mean fewer accidents.

Washington was the first state in the nation to adopt these colors into a coordinated highway sign system — green for direction or guide signs, red for stop, white for speed and regulatory signs, and yellow for caution.

Four-color System

Bugge credits the four-color system with a big assist in his state's six per cent reduction in total accidents and 13 per cent reduction in accident rate (accidents per 100,000,000 vehicle miles driven) during the past two years.

Washington's color emphasis on the highways stems from Bugge's driver's eye view of road safety.

"Color clarifies the message of a sign," he explains. "The driver knows what he's supposed to do without having to spend time analyzing everything he sees."

Although it is only a coincidence that Washington, "The Evergreen state," was also the first to adopt green, reflective direction signs on all its highways, Bugge says the response from tourists and residents has been exceptionally enthusiastic.

He reports that seven states are considering green guide signs as a result of pressure from some of their residents who toured Washington.

Green Guide Signs

The U. S. Bureau of Public Roads, under the direction of Bertam Tallamy, administrator of federal highways, has recommended that reflective green guide signs be adopted by all states on their sections of the giant, 41,000-mile interstate superhighway project now under construction.

Bugge concurs with the large body of his fellow traffic experts who contend reflective sign colors, vivid night or day, arouse automatic responses in drivers. Flashing along at 60 to 70 m.p.h. on today's high-speed roads, the driver's eye may not catch the

1959 FORDS TO GO ON DISPLAY ON OCTOBER 17

The 1959 Ford car line, which already has received an award at the Brussels World's Fair for styling elegance, will go on display at Ford dealerships on Friday, J. O. Wright, Ford Motor Company vice president and Ford Division general manager, announced today.

"The 1959 Ford car is new in concept and new in style," Mr. Wright said. "The 1959 styling theme is good taste, a result of consumer demand for more elegance and dignity in automotive styling as opposed to gaudiness or extremism," he added.

In addition to Ford engines that have been engineered for greater fuel economy, Ford offers quality-designed construction and a new, lighter Fordomatic transmission with 105 fewer parts than in 1958, Mr. Wright said.

Reflects Good Taste

"Every piece of body sheet metal in the 1959 Ford has been changed to reflect the good taste of the Thunderbird — America's most successfully-styled car. The Thunderbird's crisp, taut lines have given Ford a formal quality and the impression of a bigger, heavier car without the addition of bulk," Mr. Wright added.

Ford's 1959 styling earned the plaudits of the noted fashion authority, the Comite Francaise de l'Elegance, which, for the first time in history, bestowed a gold medal for styling on an American automobile at the close of the Brussels international exposition.

The 1959 Ford engines offer greater operating economy and improved engine performance in the normal driving ranges, 30 to 70 m.p.h. Ford recommends regular grade gasoline in all standard engines, which can result in a saving of up to one dollar a tank full. These benefits have been achieved in part by a slight horsepower reduction.

Mr. Wright said every 1959 Ford printed sign message, but the color makes him start foot to brake for an exit ramp or a crossroad around a bend.

Using uniform colors for each of the distinct jobs signs perform and making them reflective so they can be seen at night is a major convenience to motorists, according to Bugge.

"If a sign is put up to do a job in the daytime," he says, "it is twice as important that it stay on the job at night."

If popularity with motorists is any indication, Washington's four colors may well be flying on every highway in the nation within 10 years.

Shown in a picturesque Brussels World's Fair setting is a 1959 Ford Sunliner convertible. Ford offers two convertibles in 1959: the soft-top Sunliner and the retractable hardtop Skyliner. Ford's tasteful styling theme in 1959 is a result of consumer demand for more elegance and dignity, as opposed to gaudiness or extremism. In the background is the Atomium, prominent landmark at the Brussels World's Fair.

is "quality-designed," a term Ford engineers use to define the emphasis placed on quality in the basic design of the car, starting from the drawing board stage. The result is a simplified design where possible, elimination of unnecessary parts as in the case of the new transmission, and more durable parts, such as Ford's new extended-life muffler and Diamond Lustre finish, an enamel that requires no waxing for the lifetime of the car.

Supporting the "quality design" program is a "quality built" philosophy, that centers on Ford's recently-dedicated Quality Control Center at Allen Park, Mich., where 1959 models were assembled on a pilot line months before introduction to be sure that each part met all engineering specifications and assembly requirements.

The 1959 Ford line includes 17 models ranging from the Custom 300's, which are six inches longer than in 1958, through the six station wagon models, to the Fairlane and Fairlane 500's. Station wagon length has been increased more than five inches; cargo area is eight inches longer, and cargo space is 11 cubic feet more than in last year's models. All 1959 Fords will be on a 118-inch wheelbase and will have an overall length of 208 inches.

Wider Windshields

Windshield area has been increased 280 square inches, or 29 per cent, over 1958 Ford models.

With its refined engines, Ford is introducing a new version of the Fordomatic transmission. The 1959 Fordomatic, a two-speed automatic transmission, has eliminated the need for 105 parts, which, with the use of aluminum

Politics

HARRISBURG (AP) — Sen. Joseph M. Barr, Democratic state chairman, says Republicans have been talking nonsensically about the value of political experience.

"I am honestly puzzled over how the Republicans feel about experience. Scott seems to be for it, McGonigle indicates he's against it, while Vice President Nixon is inclined to agree with both of them," Barr said in a weekend statement.

His references were to Rep. Hugh Scott, GOP candidate for the U. S. Senate, and Arthur McGonigle, GOP candidate for governor.

Freshness Vs. Experience
"Scott, with a knowing leer, says that he knows his way around Washington — and shily hints that this is good," Barr said. "McGonigle on the other hand, publicly preens himself on having no experience at all in government."

"Nixon, tells a news conference in Philadelphia in the morning that what he likes to refer to as McGonigle's 'freshness' is an asset."

"Then he (Nixon) appears on television that evening heaping praise on Scott's experience."

HARRISBURG (AP)—U.S. Rep. Hugh Scott Monday asked the federal government to investigate the possibility of reclaiming and restoring areas in Pennsylvania defaced by coal stripping operations.

In a letter to Fred A. Seaton,

for the transmission case and bell housing, has reduced the total Fordomatic transmission weight by 50 pounds, or 22.8 per cent. Ford's four modern engines combine efficiency, durability and economy with the added customer savings resulting from quick and easy servicing. The full-flow oil filter, standard equipment on all 1959 engines, permits Ford to recommend an oil change only every 4,000 miles, resulting in further savings to the customer.

Small Car Made In America Seeks To Match Foreign Jobs

By SAM DAWSON
NEW YORK (AP)—The small or compact car made in America is seeking to make the same splash this year and next as the tiny foreign models did in the last two years.

The intermediate sized cars are bigger than their foreign rivals but smaller than the standard Detroit vehicles. They are aimed at what their makers feel is a big and growing market among Americans who want more room than the foreign cars provide but don't want an imposing and costly chariot.

American Motors already has its successful Rambler in the field. Studebaker-Packard is building the Lark as a competitor in what may be Studebaker's do or die effort in the industry where it has slipped badly. Ford has brought in some of its smaller English models to try for the market.

And rumors from Detroit are Pennsylvania's sportsmen," Scott said.

Bloom Makes Charges

He said he would sponsor remedial legislation if it were necessary and appropriate.

George I. Bloom, Republican state chairman, said the Democratic party's hopes "for handing over state government to the Lawrence machine are based solely on a scheme to buy the election."

Bloom, however, said in a weekend statement that public judgment and not money will be the deciding factor in the election campaign.

persistent that by this time next year General Motors, Chrysler and Ford will have their own American made compact cars on the market. At least one of these makes might sport an aluminum instead of a steel engine.

While foreign car sales are still only a small percentage of the total here, their fast sprint from a standing start has jolted the industry out of complacency. Some say it was their cheapness in original price and upkeep that lured Americans, some say it was their snob appeal, and some say it was revolt against the size, cost and garishness of Detroit models.

Fewer Expensive Gadgets

George Romney, American Motors president, says that the size and horsepower of the conventional auto has grown beyond the public's needs and that the car owner is increasingly more interested in function than looks.

Harold E. Churchill, Studebaker-Packard president, says the consumer is resisting the frills now, that he wants style but also wants more real value. Churchill thinks his new Lark will appeal to those needing more space than the foreign cars provide but wanting one taking up less garage and parking room than the big cars, eating up less gas and oil, and having fewer expensive gadgets that are seldom used. And he doubts if a huge car is as much a symbol of success as it once was.

The cost of living in the U. S. went up 72 per cent between 1939 and 1950, reports the Twentieth Century Fund.

QUARLES AND DULLES URGE CAREFUL TALK

By WARREN ROGERS JR.
Associated Press News Analyst
WASHINGTON (AP)—The Alice in Wonderland quality sometimes evident in U.S. relations with Red China often finds expression in public statements by admirals and generals.

There is at times the impression that the State Department and the Pentagon are pursuing different policies.

Secretary of State Dulles and Acting Secretary of Defense Quarles have taken steps to erase any such impression from the minds of the people who work under them.

Ask Care in Comments
Quarles told a news conference last Thursday: "In tense times such as those, almost any statement regarding the military situation has political overtones, and frequently overtones that might not be realized on the other side of the Pacific. We are asking people to be very careful about comments about the military situation that could take on political implications."

Similar instructions have been sent out by Dulles.
Quarles' comment came two days after the U.S. Pacific air commander, Gen. Laurence S. Kuter, credited Nationalist air victories and U.S. blockade-running for Red China's cease-fire offer in the Formosa Strait.

Upset State Dept.
Kuter's statement, in a Tokyo interview, upset top officials at the State Department. It was not the first time that a top military man on the scene had spoken out about matters in the current China crisis which U.S. diplomats were trying to handle with kid gloves.

Kuter's statement was particularly unwelcome at the State Department because it came after Red China's cease-fire. Department officials wondered if it might bring the whole delicate structure of a modus vivendi—some way to get along with Peiping—crashing about their ears.

Dulles' main goal, ever since the Red Chinese started shooting at the Nationalists' offshore islands on Aug. 23, has been to stop the shooting. Whether the Reds stopped for humanitarian reasons, as Peiping claimed, or because they were failing, as Kuter says, or to negotiate a settlement, as Dulles offered, was beside the point, so far as the State Department is concerned. The point was they had stopped.

Face Important
"Face" is important to all people, but especially to the Chinese. If the Reds were looking for an excuse to call off all bets and resume raising a ruckus, statements questioning their motives or implying weakness might provide that excuse.

Red China's main goal now appears not so much to conquer the Nationalist coastal islands and headquarters on Formosa as to remove the American presence from the Formosa area.

"We are all Chinese," the Communists now say. And they are ready to exploit any possible justification for their propaganda cry that "America is the common enemy."

3 REFUGEES ARRESTED FOR HEAVY THEFTS

LOS ANGELES (AP)—Two years ago they were battling the Russians in the Hungarian revolt. Today the three young Freedom Fighters are in jail, suspected of stealing \$30,000 worth of loot.

Csaba Toth, 24, Andrew Sarossy, 20, and Frank Kertesz, 19, were arrested Sunday breaking into a clothing store. Police said they had found \$20,000 worth of stolen goods in the refugees' home.

In broken English, Sarossy told how the trio's pursuit of the American dream had foundered on the installment plan during the 17 months since they entered the country.

"We couldn't make the payments on a car and our furniture," he said. "I wanted money to go to school. I wanted to get an education at any price."

All Had Jobs
All three had jobs, Sarossy said, but found it impossible to keep up with payments of \$110 a month for a new car and \$67 a month for furniture in the comfortable house they share in suburban Glendale. He also needed money to enroll as a cinema student at the University of Southern California, he said.

Officers said the three had confessed stealing more than \$30,000 worth of objects from jewelry, camera, and clothing stores. The remains of 15 pay telephones which had been ripped off and broken open were found on a hill behind their home.

All were booked on suspicion of burglary.

HARRISBURG (AP)—Auditor Gen. Charles C. Smith said Sunday the 1959 Legislature will have to raise half a billion dollars in new taxes to pay off the deficit and to finance new spending programs.

107 Communities Fluoridate Water

HARRISBURG (AP)—The State Health Department says 44 per cent of the state's population live in the 107 Pennsylvania communities where the water supply is fluoridated.

Secretary C. L. Wilbur Jr. said this weekend that the addition of fluorine to public water supplies will mean lower dental bills in the future.

"With approximately 3,724,100 Pennsylvanians now drinking fluoridated water, thousands of children may look forward to beneficial results of fluoridation," he said in a statement.

STATE WILL PROBE DEATH OF PATIENT

HARRISBURG (AP)—The State Public Welfare Department has promised an investigation of the death last Friday of a patient at the Selinsgrove State School for Mental Defectives.

Dr. Leslie R. Angus, superintendent of the institution, identified the dead man as Glenn Martin, 38, of Terre Hill, Lancaster County.

"The matter has been turned over to Dr. John E. Davis, mental health commissioner, and an investigation will be conducted," a department spokesman said over the weekend. Dr. Davis was unavailable for comment.

3 Suspended
Dr. Angus suspended three attendants at the school after Martin died. He told the department it was learned that Martin had engaged in a tussle with the three men a few days before his death.

Dr. Angus said the man had attacked one attendant and became unruly when the three men attempted to take him to a seclusion room in the institution.

The names of the three attendants were withheld pending the outcome of the investigation.

AIR FORCE IS EAGER TO TRY 3RD MOON SHOT

By GENE HANDSAKER
INGLEWOOD, Calif. (AP)—The Air Force is eager to try again to rocket an instrument package into orbit around the moon.

The boss of the Air Force Ballistic Missile Division said so as 84-pound Pioneer was plunging back to earth from its historic journey 79,120 miles into outer space.

Maj. Gen. Bernard A. Schriever also told a news conference: "I am confident that an orbit around the moon can be achieved in the not too distant future."

Prospects Better
Schriever said he thought Pioneer's epic thrust into space had greatly boosted prospects of early manned space travel.

Heretofore, it was believed that harmful radiation increased the farther man went into space.

But Pioneer's tiny radio beamed indications that radiation is thickest in a 5,000 to 6,000-band, then tapers off.

Won't Waste Time
Asked when the Air Force will launch the last of its three authorized moon probes—the first blew up on takeoff in August—Gen. Schriever said: "I'm not free to tell you, but I can assure you we're not going to waste any time."

Pioneer, a top-shaped package containing instruments reporting internal temperature, micrometeorite impacts and other data, was hurled into space on a three-stage rocket early last Saturday from Cape Canaveral, Fla.

Literally miles of electronic tape information were recorded by tracking stations in England, Hawaii, Singapore and Florida, said Dr. Ruben F. Mettler, senior adviser on the project. Many weeks must be spent analyzing them before a technical report can be published.

Data On Radiation
Pioneer has indicated this about radiation, he said: "It appears that at 10,000 miles altitude, radiation begins to diminish. At 60,000 miles it is one sixth what it is at 10,000."

The heavy band of radiation measures two or three roentgens per hour, Mettler said, and "one could not spend more than a few minutes in it unshielded."

Conclusions can't yet be drawn from Pioneer's radiation reports, he said, except that a capsule to carry a man through the heavy band for "any appreciable time, say 15 or 20 minutes," must be carefully designed.

Reds Try To Make Russians Believe America Is Land Of Endless Calamity, Crime, Strikes

Asking questions in 30 countries of the world, AP reporters found many people abroad dislike and distrust the United States. More seem to envy than admire us. The image they have of America reflects parts of reality and illusion. In this second of a four-part series, it is seen as an image reflected by many mirrors. . . .

By SAUL PETT AP Newsfeatures Writer There is the mirror of propaganda.

The average Russian, if he believes his papers, magazines and radio, sees America as a land of endless calamity, crime, strikes, unemployment. He sees Uncle Sam in cartoons, grim, frightening, with a bomb in either hand, intent on destroying nationalism everywhere.

He sees, not the tall buildings or parks or theaters, but the slums of New York. He doesn't see the American farmer who owns his own place and car, but only the share cropper. He sees the American Negro living a sub-human existence.

But there are signs that even the Russians can't swallow all their government's propaganda. Frequently, they will ask visiting Americans:

"Things aren't really bad in America, are they?"

Red Propaganda Mill "You don't have that much unemployment, do you?"

In Poland, too, Communists run a propaganda mill but the Poles occasionally show some humor about it, even at their own expense.

A magazine cartoon showed two Polish women marketing for scarce food items.

First woman: "I heard they threw lemons at Nixon in South America."

Second woman: "You don't say! Whatever did he do to deserve them?"

Red China, like Russia, floods its people with anti-American propaganda. How much of it takes hold?

Envy U. S. Freedom

Refugees and travelers reaching Hong Kong report that the average Chinese still likes Amer-

Said Jim O'Regan, Australian construction worker: "The Americans are fair dinkum (straight-shooters). . . . No one had better say a bad word against the Yanks to me."

icans as individuals and envies our freedom and wealth. But he also is convinced that America seeks to dominate smaller nations, that it gives foreign aid only with strings attached, that it looks down its nose at all non-whites, that it is guilty of the worst hypocrisy by encouraging anti-communism but refusing to make room in America for Oriental refugees from communism.

There is the mirror of personal experience, limited but enduring.

Keith Thompson, a London cop, generally approves of U. S. foreign policy. He, like most of his countrymen, feel Britain and America are wedded by common language and purpose.

Too Much Color Bar

"But why," asks Thompson, "do visiting Americans seem so bossy when they ask how to get to the Tower of London?"

Americans like to overplay a

part. They talk a lot and seem much larger than life."

James Diamini is 28, a Zulu. He cleans offices in Johannesburg, South Africa.

"I think," he says, "that the United States must be much better than this place. There is too much color bar here. I understand the American Negro is no different from the white man in his home country. At least, he doesn't have to carry a pass, the way I do."

In Hong Kong, there is an angry young man, a Chinese student who once studied in New York. He refused to give his name.

"I Hate America"

"I hate America," he said. "Once an American woman spat on me in Atlantic City because I took out an American girl."

"There may not be much freedom in China but I am going back. I am going back to help the Communists build up the country and make it strong. And then let them try to insult us."

It was a warm Sunday evening in Florence, Italy. Frizzino Frizzi, 41, a copy boy on a Florence newspaper, who earns \$100 a month, took his wife and two children to a small restaurant. Frizzi remembers the evening vividly.

The restaurant was crowded as Beppe, the old vendor, came around selling his balloons. He came to a table of American tourists drinking too much Chianti. One American rose vaguely to his feet and, in lacerated Italian, shouted: "I want to help you Italians. I'll buy all your balloons!"

"Needed No Charity"

"All the working class fellows like myself felt quite embarrassed," Frizzi says. "Beppe himself, who rarely sells all his balloons, told the loudmouth he needed no charity. But the boaster produced a handful of banknotes and Beppe explained to the rest of us that he still had to pay his rent. So, a little ashamed, he sold his balloons to the American and the American went around giving the balloons to the children."

"I'm rather proud to report that the fathers took the balloons off the hands of their crying

children and, without saying a word, returned them to the American."

"This boastful behavior is similar to that of the U. S. leaders who seemed to think they could keep the Middle East on their side just by pouring dollars in. . . ."

In Sydney, Australia, Jim O'Regan, construction worker, says:

Helped Save Australia

"The Americans are fair dinkum — they're the same as us. I know. I fought alongside them during the war. It was their help that saved Australia. No one had better say a bad word against the Yanks to me — I'd hit him smartly."

In Rome, there is Luisa Florio, 25, pretty, an artist. She dates Americans occasionally and generally likes them. But . . .

"With an American date, one of the first things he talks about — of all things — is to ask my political affiliation. When I tell him I have none, he grows suspicious. He questions me closely. Do I like Eisenhower and Dulles or prefer the Russians?"

"This kind of thing makes many Americans unwelcome here. We don't like to be investigated for communism before going out with a chance acquaintance for coffee or a ride to the beach."

And on the other side of the world, in Jakarta, Indonesia, a bartender named Jami Sama says:

"True, Americans are fighting communism. It is a selfish fight, to dominate the world and run the world's economy."

"But I am a Christian and so I'm on their side. But the Americans are too sensitive about it. If someone disagrees with them, they think he's a Communist."

UMW FOR LEADER

WASHINGTON (AP) — Pennsylvania's Democratic Gov. George M. Leader is the choice of the United Mine Workers Union for U. S. Senator.

Leader was one of 46 Democrats, eight Republicans and one independent running for Congress in 20 states endorsed Monday by the UMW.

DR. HERRICK IS ELECTED EUB BISHOP

By BOB HOLTON HARRISBURG (AP) — The Evangelical United Brethren Church today has its full complement of seven bishops for the first time in almost a year.

With the death during the last year of Bishop Fred L. Dennis of Dayton, Ohio, the church bishopric slipped to six.

Monday the Rev. Dr. Paul Herrick of Dayton, Ohio, was elected a bishop to round out the full complement.

Four Renamed

Two other new bishops were elected Saturday to replace bishops who will retire, and four other reigning bishops were renamed to their high church posts.

The new and re-elected bishops will be assigned to their areas Friday. A church spokesman said: "There is no hard rule on where the bishops might be assigned — one bishop from the East could be sent to the West coast on assignment."

Bishop Herrick, a native of Kansas City, was named pastor of the First EUB Church of Dayton at the death of Bishop Dennis.

Several other high church posts will be filled by election before the conference closes.

Discuss Issues

Meanwhile, the 450 delegates to the General Conference, first held since 1954, took up discussion of official church stands on such matters as integration and nuclear testing.

Much of today's activity centered around reports on operation of the denomination's 10 orphanages and homes in the United States.

Monday night activities centered around the bestowing of honors on Bishop George E. Epp, Harrisburg, and Bishop Ira Warner, California. Both bishops will retire soon.

The delegates also were asked to raise the annual salary of bishops from \$7,200 to \$10,000. No action was taken on the proposal.

union President John L. Lewis in Washington Wednesday and tell him a merger is the only way to equalize pensions for retired miners.

Ask Pressure For More PA Funds

PITTSBURGH (AP) — Harry Shapiro, state secretary of welfare, urges social workers to help persuade state legislators of the need for more public assistance funds.

At a State Board of Public Assistance hearing Monday, 40 Pittsburgh district social workers expressed opinions that Pennsylvania's program is inadequate. They recommended increases ranging from 25 to 40 per cent in monthly benefits to some 305,000 persons.

Shapiro said his department will receive an additional \$600,000 to \$700,000 a month from the federal government under new social security laws. He added that it has not been determined how the money will be used.

SAYS FOREIGN POLICY NOT TO BE "FOOTBALL"

WASHINGTON (AP) — Sen. Mike Mansfield (D-Mont.) said today "the stakes are too great and the possibilities too dangerous to permit foreign policy to become a political football."

Mansfield spoke out in an interview as Vice President Nixon challenged Democrats to match the Truman administration's handling of international affairs against President Eisenhower's record.

Nixon said in a statement in Chicago the policy carried out by former Secretary of State Dean Acheson "resulted in war and the Eisenhower-Dulles policy resulted in peace." He spoke out in reply to a critical weekend statement from the Democratic Advisory Council.

TO GIVE VETS JOBLESS PAY AT DISCHARGE

HARRISBURG (AP) — A federal plan to pay unemployment benefits to servicemen discharged after Oct. 27 will go into effect in Pennsylvania immediately.

The Bureau of Employment Security will accept claims and administer the new program with costs to be borne by the federal government.

A new law authorizing the program becomes effective Oct. 27. Basically, the law provides for the payment of jobless benefits to members of the armed forces separated from service after Oct. 27. In announcing the new program Sunday, Gov. George Leader said an average of 52,000 Pennsylvanians are discharged from the service each year.

Set Conditions

Eligibility will be computed on the basis of a schedule established by the federal government for the ex-serviceman's grade, rate, or rank at the time of his discharge. To be eligible, the ex-serviceman must meet the provisions not

Democratic leader, expressed hope that foreign policy "does not become a political issue" but said his party's members have a right to criticize administration actions in the foreign field.

Because Democrats express disagreement with some policies, Mansfield cautioned, "no one should harbor the illusion that Americans are a disunited people."

A similar note was sounded Sunday by Chairman Theodore F. Green (D-R.I.) of the Senate Foreign Relations Committee after a meeting with Secretary of State Dulles. Green had publicly criticized current administration policy.

only of the Pennsylvania unemployment compensation law but also of certain federal requirements.

Benefits are payable for weeks of unemployment ending after the Oct. 27 date.

In general, however, servicemen will not receive benefits until terminal leave and mustering-out pay has expired.

COMING FRIDAY

Ford brings Thunderbird elegance to the low-price field with

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

AWARDED THE GOLD MEDAL for beautiful proportions — by the Comité Français de l'Elegance at the Brussels World's Fair

The new Fords for 1959 have a casual kind of elegance — the fresh crispness of design that distinguishes the Thunderbird. They are beautifully different from all other cars — and from all other Fords. This new beauty was recognized at the Brussels World's Fair. The 59 Fords, on preview, received the Gold Medal of the Comité Français de l'Elegance for beautiful proportions!

They have a straight-through appearance . . . a clean-cut look that is very open and airy. The entire glass area has been designed to give you the modern picture-window feeling of indoor-outdoor living. The new thin-line roof is actually a sensational engineering

achievement — to give you even greater safety. Yet it has a gracefulness that will make riding in any other car seem "old hat."

And this easy elegance is traceable to the sporting heritage of the beautiful Ford Thunderbird. These Fords are altogether new.

But the most beautiful difference of all is money in your pocket. The 59 Fords are the stand-out buy in the low-price field. They are superbly designed to give you all the supreme beauty, comfort, power and performance that only Ford's creative engineering can bring you. And Friday you'll be able to get that New Ford Feeling in the World's Most Beautifully Proportioned Cars!

FATHERS, 20 to 45: YOU CAN AFFORD THE LIFE INSURANCE YOU NEED! NATIONWIDE'S FAMILY INCOME PLAN SHOWS YOU HOW. . . .

-Nationwide's FAMILY INCOME PLAN starts out with a large amount of protection when your children are young — when you need the maximum coverage your dollar can buy! As the years go by and your needs diminish, your protection tapers off . . . and when the children are grown, your policy still provides permanent protection plus high cash values for retirement income. And premiums are low — see example below for the variety of possible benefits this low cost plan can purchase. Plan is available in amounts as low as \$3,000 . . . and for 10, 15, and 20-year periods. See your Nationwide representative for full details.

AN EXAMPLE OF THE PLAN AT WORK If you have a \$10,000, 20-year plan, and death occurs during the 6th year after the policy is issued, your family receives:

IMMEDIATE LUMP SUM to pay for last expenses . . . \$ 2,000	PLUS-A LUMP SUM BENEFIT or its equivalent in monthly income at the end of the 20-year period . . . \$ 6,000
EMERGENCY INCOME OF \$200 MONTHLY for 12 full months . . . \$ 2,400	TOTAL PAYMENTS TO YOUR FAMILY . . . \$29,200*
THEN-AN INCOME OF \$100 MONTHLY beginning the 13th month following death and continuing for 14 full years . . . \$16,800	FACE AMOUNT OF POLICY . . . \$10,000

*Benefits reduce proportionately if death occurs later in 20-year period. Benefits equal the face amount if death occurs after the family income period.
